

PROJECT MANAGEMENT OOG & INDUSTRIAL

With contacts and partners in Canada and around the globe, we are capable to perform with high standards of integrity, accountability, and quality. We work with Air & Ocean carriers, transport operators, packaging suppliers, agents, stevedores, and vessel owners who are:

- ✔ Compliant with relevant domestic and international standards
- ✔ Maintain a focus on good corporate governance
- ✔ Share similar values with NUERA in delivering a higher standard of accountability, competitiveness, and service

“Our Mission is to Provide Exemplary Partnership in The Transportation Service Industry, Through Knowledge, Experiences and Commitment to Deliver Effective Logistic Solutions”.

SUPPLY CHAIN SIMPLIFIED

Not all cargo can fit in a regular container or pallet, even when disassembled. At NUERA Projects, our mantra is “If you can build it, we can ship it!”

SURPASS THE 3 C'S

Comfortable in business relations, timely **communication** & **Competitive** prices.

Our Team of experienced, enthusiastic, and dedicated professionals strives to handle every OOG & Project, whatever the degree of complexity, with care and attention to detail. We provide creative solutions that are adapted to each unique situation.

To ensure successful management of an OOG cargo and project, there must be a sufficient knowledge, capability and flexibility. This we understand at NUERA Logistics and our organization is built to meet exactly these requirements.

THE NUERA PROMISE

We handle all types of cargo which can be part of a project, from small LCL shipments and containers, to very large and very heavy complex units. To get the cargo to its destination we can apply all modes of transportation: ship, truck, rail or air using a variety of carriers and partners.

OOG SERVICES

- Export Packing & Crating (ISPM15)
- Containers – Breakbulk & Ro-Ro
- Loading & Securing
- Part or Full Vessel & Air- Craft
- Heavy Lift Coordination
- Supervision of Vessel loading & off-loading.
- Customs clearance
- Remote geographic sites delivery
